Activity Sheets ANSWER KEY

Vocabulary:
“Board” is a group of people who meet and manage a school, a library, a part of government. The law says what they can do.

“Commissioners” are a group of people to whom the law gives the responsibility to manage something.

“County ordinance” means (a) an official written act of a BOARD OF COMMISSIONERS, the effect of which is general and lasting in nature, which is enforceable within the jurisdiction of the county; or (b) a lawful appropriation of money. Cities and towns can also pass ordinances as permitted by state statute.

Background Agricultural Connections:
Boards and commissions, whether appointed or elected, make the rules and provide management oversight for many government services. For an agricultural community, the importance of the fair boards, drainage boards, school boards, library boards and the Cooperative Extension Board is obvious. Yet few people pay much attention to the work of the boards, let alone sit on them. This unit is meant to help the students start to think about how their government works and how they might participate to improve agricultural law and policy.

Interest Approach – Engagement:
Ask students to think about when they play games and the rules for the games they play.

What happens when people do not follow the rules?

Continue discussion on the topic to create interest and gauge students’ prior knowledge using the following questions:

Why do we need rules in our community?

When you go to school or the library or the fair, there are rules. What are some of those rules?

Who should make those rules?

How can you or an adult help make the rules that you follow at school, at the fair, or at the library?

Procedures
Begin the lesson by asking students to describe and define in their own terms the words: rules, government, board.

Ask students if they have heard any news reports about the boards in their communities.

List the different boards on the whiteboard (see the example below), and ask students to list things for which those boards make rules. List some of the rules. Note: You may want to look up the statutes in your state. They are readily available through most state legislature’s web sites. In most communities the public library also has copies of the statutes or will get them for you.

Divide your class into three groups, and hand out copies of one of the activity sheets to each group.

Ask students to read the situation described in the text of the Activity Sheets carefully to identify the cause and effect, the problem and solution, and any alternatives and their effects. Ask each group to share what they discussed with the class.

Discuss the following questions:
Why do we need rules?

Who should make those rules?

### Library Board Nebraska

51-211. Library board; general powers and duties; governing body; duty; discrimination prohibited.

(1) The library board may erect, lease, or occupy an appropriate building for the use of a library, appoint a suitable librarian and assistants, fix the compensation of such appointees, and remove such appointees at the pleasure of the board. The governing body of the county, city, or village in which the library is located shall approve any personnel administrative or compensation policy or procedure before implementation of such policy or procedure by the library board.

(2) The library board may establish rules and regulations for the government of such library as may be deemed necessary for its preservation and to maintain its usefulness and efficiency. The library board may fix and impose, by general rules, penalties and forfeitures for trespasses upon or injury to the library grounds, rooms, books, or other property, for failure to return any book, or for violation of any bylaw, rule, or regulation and fix and impose reasonable fees, not to exceed the library's actual cost, for nonbasic services. The board shall have and exercise such power as may be necessary to carry out the spirit and intent of sections 51-201 to 51-219 in establishing and maintaining a public library and reading room.

(3) The public library shall make its basic services available without charge to all residents of the political subdivision which supplies its tax support.

(4) No service shall be denied to any person because of race, sex, religion, age, color, national origin, ancestry, physical handicap, or marital status.

### Drainage Board Wisconsin

### Board of Health Utah

26A-1-108 Jurisdiction and duties of local departments.

A local health department has jurisdiction in all unincorporated and incorporated areas of the county or counties in which it is established and shall enforce state health laws, Department of Health, Department of Environmental Quality, and local health department rules, regulations, and standards within those areas.

### Zoning or Plan Commission Connecticut

CT General Statutes, Section 8-6: Powers & Duties of Board of Appeals

a) The zoning board of appeals shall have the following powers and duties:

- To hear and decide appeals where it is alleged that there is an error in any order, requirement or decision made by the official charged with the enforcement of this chapter or any bylaw, ordinance or regulation adopted under the provisions of this chapter;
- To hear and decide all matters including special exceptions and special exemptions under section 8-2g upon which it is required to pass by the specific terms of the zoning bylaw, ordinance or regulation; and
- To determine and vary the application of the zoning bylaws, ordinances or regulations in harmony with their general purpose and intent and with due consideration for conserving the public health, safety, convenience, welfare and property values solely with respect to a parcel of land where, owing to conditions especially affecting such parcel but not affecting generally the district in which it is situated, a literal enforcement of such bylaws, ordinances or regulations would result in exceptional difficulty or unusual hardship so that substantial justice will be done and the public safety and welfare secured, provided that the zoning regulations may specify the extent to which uses shall not be permitted by variance in districts in which such uses are not otherwise allowed.
Local boards and commissions are truly the governmental units closest to the people. Yet the media and most of the community attention is on the state and national government. The lack of attention to the local boards may mean that there are not enough informed and dedicated board members for the optimum functioning of the local unity. The local boards are the glue of the civil community. Their decisions determine how the people who live there will work, educate, play and live in that community.

The teacher should plan to visit some local boards to observe their work. The visit may allow the teacher to find more resources and speakers for the students. The teacher may decide to take the students to a board meeting for a class field trip.

Many of the boards have national and state associations. They will provide many resources and helpful information that the teacher can use. See the National School Boards Association at https://www.nsba.org/

National Association of Towns and Townships (NATaT) can be found at http://www.naco.org/sites/default/files/documents/CM2.0.pdf

NATaT was formed more than 40 years ago to provide America’s smaller communities, towns and townships, and other suburban and rural localities a strong voice in Washington, DC. Eighty-five percent serve communities with less than 10,000 people and nearly half have fewer than 1,000 residents. Nearly one quarter of all Americans live in rural areas, approximately the same percentage as live in central cities. NATaT’s seeks fair-share federal funding decisions and to promote legislative and regulatory policies designed to strengthen grassroots local government. Since 1976, NATaT’s staff and members have educated lawmakers and other federal officials about the unique nature of small community government operations. They highlight the need for policies that meet the special needs of suburban and non-metro communities.
The National Association of Counties (NACo) is located on the web at http://www.naco.org.
NACo unites America’s 3,069 county governments. The website is rich with additional resources.
One particularly helpful resource is the “Counties Matter” at http://www.naco.org/counties-matter.
Be sure to explore the website in detail to find other good materials and information.

Your county wants to have a fair. You and your friends want to ask a lawyer what the law requires to have a fair in your state. What questions might you ask? (Third grade level)

a. Why would a fair be a good idea?

b. Who can run the fair?

c. Where can the fair be located?

d. What kinds of events and exhibits and shows can the fair board have?

e. Where does the money for the fair come from?

**ANSWER KEY - Some Suggested Answers**

a. Fairs are an effective way to teach people more about their community and agriculture. Fairs show where and how our food, fiber, fuel, and shelter are produced.

b. Volunteers can form a board. If they have enough money, they can hire a manager.

c. The fair can be located on public or private ground. Sometimes the fairs are located on park or school grounds. Other times, the county or town has a place just for fairs.

d. The shows and exhibits can be anything the fair board permits. Many people come just for special exhibits like livestock or quilts.

e. Money can come from admission tickets, exhibit fees, tax money, and donations.
